Progress Report

Student Information

Name: otienodominic
Discipline: Not specified
Institution: Not specified
Year of Study: Not specified
Report Generated: 11/09/2025

Cases Completed: 79 Average Score: 36% Progress Level: Beginner

Executive Summary

You have completed 79 simulation cases with an overall average score of 36%. Your current progression level is Beginner. Keep practicing! Each case completed helps build your clinical knowledge and critical thinking skills. This comprehensive report provides detailed insights into your learning progress, performance trends, and personalized recommendations for continued improvement.

Progress Overview

Total Cases Completed: 79
Overall Average Score: 36%
Current Progression Level: Beginner

Performance by Difficulty Level

Beginner: 31 cases (38% avg)
Intermediate: 29 cases (29% avg)
Advanced: 19 cases (41% avg)

Simulation Performance Details

Recent Case Completions

- 1. 30-Year-Old Female with Breast Lump
Difficulty: Hard | Score: 0% | Date: 11/09/2025
- 2. 25-Year-Old Female with Acne Vulgaris
Difficulty: Easy | Score: 0% | Date: 10/09/2025
- 3. 35-Year-Old Female with Recurrent Headaches
Difficulty: Easy | Score: 0% | Date: 09/09/2025
- 4. 35-Year-Old Female with Dislocated Shoulder
Difficulty: Hard | Score: 0% | Date: 09/09/2025
- 5. 60-Year-Old Male with Chest Pain
Difficulty: Hard | Score: 0% | Date: 08/09/2025
- 6. 35-Year-Old Male with Abscess
Difficulty: Easy | Score: 0% | Date: 08/09/2025
- 7. 45-Year-Old Male with Gastroesophageal Reflux Disease
Difficulty: Easy | Score: 0% | Date: 08/09/2025
- 8. 28-Year-Old Female with Depression
Difficulty: Intermediate | Score: 20% | Date: 29/08/2025
- 9. 45-Year-Old Female with Psychosis
Difficulty: Hard | Score: 45% | Date: 29/08/2025
- 10. 28-Year-Old Female with Irregular Menstruation
Difficulty: Intermediate | Score: 30% | Date: 29/08/2025

Performance by Specialty

- General Surgery: 1 cases, 30% average
- Dermatology: 0 cases, 0% average
- Internal Medicine: 7 cases, 33% average
- Orthopedics: 0 cases, 0% average
- Gastroenterology: 0 cases, 0% average
- Psychiatry: 2 cases, 33% average
- Reproductive Health: 2 cases, 38% average
- Ophthalmology: 1 cases, 45% average

Performance Analysis

Performance Trends

Monthly Performance Overview:

July 2025: 50 cases, NaN% average
August 2025: 29 cases, 26% average
September 2025: 0 cases, 0% average

Ø=Ü Declining trend: -26.0% from last period

Competency Breakdown

Clinical Reasoning: 36%
Communication Skills: 31%
Problem Solving: 38%

Learning Recommendations

Personalized Learning Path

- Continue building fundamental skills with beginner-level cases.
- Review basic medical concepts and clinical protocols.
- Great case completion rate! Focus on case variety and difficulty progression.
